In the program against anti-Semitism the 10-year-old Association for Women's Career Development in Hungary (AWCDH), based on its commitment to the subject, its professional background and its solid international relations, wishes to address and mobilize women of Jewish origin in Hungary and throughout the world to contribute to Hungarian democracy and the empowerment of the country with their talent, knowledge, and personal commitment to Hungary.

Calling upon the example of Judith Müller, born in Debrecen, perfume creator, winner of the Perfume Oscar and the Pro Europe Prize, who became famous in Israel as well as around the world, we would like to point out what an important role we, the women of the 21st century, have in fighting racism and anti-Semitism.

The most important element of the fight against racism is the common action of minorities and the representatives of the majority against all kinds of discrimination, humiliation and anti-Semitism. Accordingly, our event is meant to address not only those directly involved. Rather, we plan to address a much wider circle –Hungarian Jews and all the people who condemn anti-Semitism.

We would like to draw your kind attention to our website, www.jewishwomen.hu, where you will find detailed information about the conference.

Please RSVP to us either by email or by phone at your very earliest convenience, but no later than 14th July 2014.

Very truly yours,

Mrs. Andrea Ferenczi
President
